

Trip in Turkey ☺

We left on the 14th of October. We traveled by plane to Istanbul to the Atatürk airport. When we arrived Istanbul we were quite nervous, because we hadn't found the other student, who are also in the Comenius program. So we waited for them about 2 or 3 hours, but finally they found us, and we got on the bus and went to the ship to travel to Bandirma. On the ship we got on very well with the Italian students, they were so kind and funny. From Bandirma we traveled by bus to Canakkale-Can, where the Turkish students were waiting for us. I stayed at Burcu's home. She is very funny and friendly and her family is really helpful and her mother is a really good chef ! :D

1. day: we got up at 7 o'clock and went to school at about 8.30. There is a ceremony on every Monday, when the students sing the anthem of Turkey. After we've been in the library for 2 or 3 hours to take our presentations. After the school, we went to the restaurant to have a lunch, after the lunch we went to Can's bazaar. It's really huge, crowded place it is similar to Hungarian markets. I bought a ring for my mother as a present. After the bazaar Burcu and Gökçe take me and Ági to a restaurant, because they wanted us to try cig köfte, which is a traditional food. But we couldn't eat

it, because it was too hot and spicy. I had dinner at my family's home. At night we went to drink Turkish coffee with all of the students, and after it we had a little party in a coffee club. We were dancing in an empty pool, it was so funny, but the weather was quite cold, when we turned back to home.

2. day:

we continued the presentations at school. After school we went to meet the headmaster of the town and to see a church. It was so amusing. After these programs, we went to the Pyramid Coffee, to drink something and talking with each other, after it we went to another coffee, but at 5 o'clock we had to go home. I had a dinner in a restaurant with my family. We ate Turkish pizza, it is delicious and different than the Hungarian one. At night, we saw a wedding and a henna night, which was made by the Turkish students. We had so much fun and danced a lot, we learnt the Turkish folk dance ! Later, we went to the coffee club to watch the Hungary-Turkey football match. It was very exciting, but Hungary won finally :D

3. day:

We got up so early, because the bus waited for us, we traveled to Canakkale and Assos and Troia. We saw the wooden horse and we were shopping a few hours in
