

Assos. We arrived home in the late at night, but it wasn't a problem for the students, we had dinner after we went to the city to look around and drink some Turkish coffee.

4. day:

We went to the school in the morning, to say goodbye for the students and teachers. We visited some lessons, but we didn't understand anything :D In the afternoon we went to the Ceramics Factory in Can, it is the biggest factory in the world. It was unbelievable!

Later we had a meal in a fast food restaurant, after we went home, to change our clothes and got ready for the last night. At this night, the Turkish students made a show for us, they were singing, playing on the guitar, clarinet. We had dinner, which was made by the student's parents. After the shows and dinner, everybody were crying, because we knew that, this is the last night and we won't see each other for a really long time. It was so sad and touching.

The last day with the students: we woke up so early in the morning, because we had to go to the hotel to 8am. We had a coffee in the coffee club, and later we had lunch. After the lunch we had to say goodbye to our Turkish friends. Everybody was tired of the crying. We traveled by bus to Bandirma, and we traveled by ship to Istanbul. We stayed in a hotel in Istanbul on

Friday. On Saturday we had a sightseeing in the city. We saw the Hagia Sofia, it was wonderful!! We were shopping some souvenirs for our friends and relatives. But at 3pm we had to go back to the Atatürk airport, because our plane was leaving at about 6pm. It was a little weird to be in Hungary again, because we missed our Turkish friends so much!

At all I loved this trip, because I made a lot of friendships, met new people, learnt some Turkish. I hope we will meet again with these students! 😊
